filehosting provides an easy possibility for you to send large files to your friends. You don't need any special software installed to be able to download your files. Files can be downloaded from any computer from our high speed servers. Unfortunately, we can't make that part free. No account or credit card isrequired to get started. We have no file size limit. It is also allowed to link to the download page from websites and communities. There are no restrictions onthe number of times a file can be downloaded. So try our free and simple filehosting service now. Our service is completely free for everyone. You can give thisdownload link to your friends by mail or instant messenger. The cost of that data transfer is covered by your internet service or the data plan on your phone. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Keep your files private, or send your download links only to friends orfamily. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Why pay storage fees for a file that you justwanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Any file in anyformat can be uploaded and downloaded for free. File is free to use with no gotchas and no hidden fees. You decide who you want to share your files with. Using file, you can circumvent those limits without paying to upgrade your team chat service. Just upload the file you want to share with your friends and wesend you a download link to your file. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in datastorage fees. Simply upload your file and share the link. You can upload any type of file (movies, music, documents, images, zip files and more). When you usefile, you avoid storing the file you're sending in your cloud storage or mail server. Your wallet will be none-the-lighter! Just so we're all 100% clear her
