Maybe even better than free.

The cost of that data transfer is covered by your internet service or the data plan on your phone. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. We have no file size limit. There are no restrictions on the number of times a file can be downloaded. Our service is completely free for everyone. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. No account or credit card is required to get started. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. So try our free and simple filehosting service now. You can give this download link to your friends by mail or instant messenger. You can upload anytype of file (movies, music, documents, images, zip files and more). Using file, you can circumvent those limits without paying to upgrade your team chatservice. You decide who you want to share your files with. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, datais being transferred between your computer or phone and our servers, then from our servers to your friends device. Just upload the file you want to share withyour friends and we send you a download link to your file. Any file in any format can be uploaded and downloaded for free. You don't need any specialsoftware installed to be able to download your files. If only we could, we surely would! On the other hand, using file can actually save you money. File is free to use with no gotchas and no hidden fees. Files can be downloaded from any computer from our high speed servers. It is also allowed to link to the downloadpage from websites and communities. Simply upload your file and share the link. Alternatively you can choose to share your download links on blogs, forumsand social networking sites. Unfortunately, we can't make that part free. Keep your files private, or send your download links only to friends or family.filehosting provides an easy possibility for you to send large files to your friends.
